

Preliminary Programme

DAY 1 – 20th JUNE

16:00	<i>Registration and Tea</i>
18:00 – 18:50	<i>Opening Ceremony – Marcus Lira Brandão (FFCLRP-USP) – “The Sensory-motor interface in Defensive Reactions: revisited”</i>
19:00 – 19:50	<i>Inaugural lecture – Bill Deakin (University of Manchester, Manchester, UK) – “to be informed”</i>

DAY 2 – 21st JUNE

8:00 – 9:00	<i>Robert Blanchard (College of Social Sciences, Department of Psychology, University of Iowa, Hawaii) – tema: Ethoexperimental analysis of the defensive behavior: understanding psychiatric disorders.</i>
9:00 – 10:00	<i>Caroline Blanchard (College of Social Sciences, Department of Psychology, University of Iowa, Hawaii) – tema: Neurobiology of emotion: influence of gender and pharmacological aspects on ethoexperimental analysis of behavior.</i>
10:00 – 10:15	<i>Coffee break/Refreshments</i>
10:15 – 11:15	<i>Hélio Zangrossi Jr. (FMRP-USP) – “Are different neural substrates involved with the panicolytic and anxiolytic effects of antidepressants?”</i>
11:15 – 12:15	<i>Thelma Lovick (University of Birmingham, Birmingham, UK) – “SSRIs and the female brain: novel actions and new opportunities”</i>
12:15 – 14:00	<i>Lunch Time</i>
14:00 – 15:00	<i>Luiz Carlos Schenberg (UFES, Vitória, ES) – “Translating Panic Disorder”</i>
15:00 – 16:00	<i>Elizabeth Audi (UEM, Maringá, PR) – “Anti-panic effects in animal models of anxiety as the result of serotonergic system activation”</i>
16:00 – 16:15	<i>Coffee break/Refreshments</i>
16:15 – 17:15	<i>Cristina Marta Del Ben (FMRP-USP) – “The role of 5HT in fear processing: contributions from human experimental models”</i>
17:15 – 18:15	<i>Maurice Pretter (Neurology, Psychiatry, Psychotherapy, New York, NY) – “Panic, suffocation false alarms, separation anxiety and endogenous opioids”</i>

DAY 3 – 22nd JUNE

8:00 – 8:50	<i>Norberto Coimbra (FMRP-USP) - "Role of 5-HT1A serotonergic receptors in the panicolytic effect of cannabidiol on mice threatened by confrontation with the wild constrictor snake <i>Epicratescenchriacrassus</i>"</i>
9:00 – 9:50	<i>Telma C. S. Andrade (Universidade Estadual Paulista Júlio de Mesquita Filho, Faculdade de Ciências e Letras de Assis) – “Involvement of the serotonergic pathway – Median Raphe Nucleus – Dorsal Hippocampus in Anxiety and Depression”</i>
10:00 – 10:15	<i>Coffee break/Refreshments</i>
10:15 – 11:15	<i>Ricardo Luiz Nunes-de-Souza (Universidade Estadual Paulista Júlio de Mesquita Filho, Faculdade de Ciências Farmacêuticas de Araraquara, Departamento de Princípios Ativos Naturais e Toxicologia) – “Deakin & Graeff in the mouse brain”.</i>
11:15 – 12:15	<i>Dean Mobbs (MRC Cognition and Brain Sciences Unit, Cambridge, UK) – “Survival Intelligence and the Nervous System”</i>
12:15 – 14:00	<i>Lunch Time</i>
14:00 – 15:00	<i>Mario Juruena (FMRP-USP) - "HPA axis activity: Relationship between Stress and Depression"</i>
15:00 – 16:00	<i>Christopher Lowry (Department of Integrative Physiology, University of Colorado, Colorado, USA) – “Serotonergic systems, anxiety, and affective disorders: twenty years of support for the Deakin/Graeff hypothesis”</i>

16:00 – 16:15	<i>Coffee break/Refreshments</i>
16:15 – 17:15	<i>Pedro A. S. Prado-Lima (Pontifícia Universidade Católica do Rio Grande do Sul, Porto Alegre, RS) – “to be informed”</i>
17:30 – 18:30	<i>Closing Lecture – Frederico G. Graeff (FFCLRP, FMRP – USP) – “Serotonin and opioid interaction in the dorsal periaqueductal gray in the pathophysiology of panic disorder”</i>

OBS: This is the preliminary version of the programme of this symposium and is submitted to review and changes by the Organizing Committee at any moment that precedes the event.
